

It Is Not About How Good You Are, It Is About How Bad You Want It!

San Diego High School Marksmanship Team

San Diego High School AJROTC, has reached the ultimate in the sport of Air-Rifle Marksmanship

THE GOLD MEDAL!

On April 28, 2007, the final phase of the California Jr. Olympics was held at San Diego High School. After a long day of competition, the scores were in, and San Diego High was presented the Team Gold Medal and Silver Medal in individual scores.

This is a first for the school, and we want to share this success with our community. We also want the opportunity to go to the nationals which are being held in Bowling Green, Kentucky, 3-7 July 2007.

To do this, we ask for your support. Your organization can be part of this extraordinary event with a financial contribution. We hope to raise \$4,000 through this campaign.

All donations are completely tax deductible and are paid to San Diego High School. Please help us. We will represent the State, our high school, the JROTC, and you. Thank you for your consideration.
